STATEMENT REGARDING COVID-19

At this time, through lengthy and difficult discussions, the decision has been made to postpone indefinitely all of the remaining 2019-2020 Curling NB sanctioned provincial events, including both Mixed events, the Junior Slam, and the Little Rocks Jamboree. With further analysis of what is occurring in the sporting world around us, and following the lead and advice of local and national health authorities, it is in the best interest of our players, coaches, parents, fans, spectators and member centers as they must remain our top priority. For all events not leading to a national event, this will likely mean the cancellation. For the Curling NB Mixed Championship, we will be exploring all options to play this event at a later date, to ensure that we have representation at the national level in the fall of this year.

I want to thank everyone involved in preparing for these events, and know that this decision is not being made lightly. For the love of our game, and the well-being of all involved, this was the only logical decision to be made at this time.

Like most/all of you, we will be closely monitoring the web site of the New Brunswick Office of the Chief Medical Officer of Health for updates and recommendations. The link to this web site is provided below with links to updated news releases appearing on the home page.
